

TLC Bounce Popcorn Machine Instructions

215-239-7545

NOTE: Pop one bag at a time to avoid burning kernels!

- Turn all switches to the ON position.
- Allow empty kettle to heat 2-3 minutes.
- Insert butter package and allow butter to melt.
- Add popcorn kernels.
- Close lid on kettle.
- Keep doors open while popping the popcorn.
- While popping final serving of popcorn – as kernels begin to pop – TURN THE KETTLE HEAT OFF!

WARNING: DO NOT immerse kettle in water during cleaning!
